Re: Fuel Management on IR3

Dear Neskonlith Community Members,

We are currently writing our funding application to the 2021 Community Resiliency Investment (CRI) program.

Starting on Wednesday, September 23rd, staff from Sk'atsin Silvatech Ventures LLP will be exploring IR3 to investigate potential future areas for fuel management to include in our application.

You may notice one or two Sk'atsin Silvatech staff walking around IR3.

Please contact me if you have any questions,

Thank you,

Shane Vincenzi, Manager,

Sk'atsin Resources LLP.
