VOTE ON PROPOSED NEW CUSTOM ELECTION AND GOVERNANCE CODE POSTPONED

In response to the feedback received from Membership, Council has decided to cancel the meeting on July 25 and to postpone voting on any changes to the Custom Election Regulation until after the election in January.

As a result of the feedback received, there are some very important additions that need to be made to any proposed new Custom Election and Governance Code. Due to those changes, the Notice of Vote and Summary of Proposed Changes dated June 2, 2026 no longer reflects the amendments to be voted on and a new notice is required. As the current Custom Election Regulations cannot be amended within 6 months of an election, a vote to replace the Custom Election Regulations with a new Custom Election and Governance Code must be postponed until next year to ensure sufficient notice has been provided.

It was clear from the feedback received that Members want more involvement in what goes into the proposed amendments before the vote. Council has heard your concerns and is working with Neskonlith's legal counsel on a plan to engage Members and ensure that the project does move forward to a vote on much needed updates to our Custom Election Regulation.

Council will be providing additional updates in the coming weeks to keep you informed of next steps in the project and let Members know how they can become more involved.

Kukstác-kucw again for that feedback, your comments have been documented to bring forward for more discussion and potentially future changes

NOTE: Despite our attempts to provide notice and mail-in ballots to all Members, the Neskonlith mailing list is incomplete. In the last week, nearly 100 packages have been returned to sender as "no such address" or "recipient no longer living at that address". In preparation for the upcoming election, Neskonlith will be making further attempts to reach out to Members to update their contact information. All Members are encouraged to reach out to adminassistant@neskonlith.net to provide your full name, phone number, mailing address, and email address.
